SUMMARY

Data Analyst with experience in leveraging data visualization and analytics tools such as Power BI, Microsoft Fabric and Python to derive actionable business insights. Possess strong analytical, problem solving, and data modelling skills focused on delivering high-quality reports, with hands-on experience building data quality frameworks and Power Apps canvas applications. Proven experience in conducting vulnerability assessments and cybersecurity analyses. Highly motivated to contribute to data-driven decision-making and enhance operational efficiencies.

TECHNICAL SKILLS

- **Data Analysis:** Power BI, Python, SQL, Data Visualization, Data Modelling
 - **Data Engineering:** Microsoft Fabric, Azure Databricks, Microsoft Purview, Spark (Basic)
 - **App Development:** Power Apps (Canvas), SharePoint
 - **Tools:** Power BI, Nessus, Metasploit, Penetration Testing Tools
 - **Programming:** SQL (Intermediate), Python (Basic)
-

WORK EXPERIENCE

Software Engineer Trainee | iLink MultiTech Solutions

Nov 2024 – Present

- Served as the **Power BI** resource within the **Internal Applications Team (IAT)**, delivering reporting solutions for internal stakeholders.
- Designed and optimized data-driven solutions using **Microsoft Fabric** and **Power BI**, enabling effective reporting and analytics for clients.
- Developed **Power BI dashboards and KPIs**, improving performance through calculated columns, date slicer syncing, and scalable data model structures.
- Replicated Power BI reports on a **Fabric semantic model in Direct Lake mode**, coordinating with engineering to resolve missing tables and columns.
- Worked on **Microsoft Fabric** components including real-time **data pipelines**, **Lakehouse/Warehouse** integrations, and **Direct Lake modelling** for scalable analytics.
- Built a **Data Quality Accelerator** that scores data health and surfaces quality trends in Power BI for clients.
- Developed **iCare Wellness**, a **Power Apps** canvas application with SharePoint-backed storage and role-based access control.
- Gained hands-on experience with **Microsoft Purview** for data governance, compliance, and data cataloguing.
- Built foundational expertise in **Azure Databricks** for large-scale data engineering, data transformations, and advanced analytics.

Cyber Security Analyst | DigitalTrack Solutions Pvt Ltd

May 2023 – April 2024

- Conducted comprehensive **vulnerability assessments** using **Nessus** and executed **penetration testing** on 7 portfolios, proactively identifying and addressing security gaps to safeguard sensitive data.
 - Managed and continuously monitored **IT infrastructure** and **web applications**, mitigating potential threats and improving system resilience against cyberattacks.
 - Analysed detailed **security reports** and implemented robust solutions, strengthening network defences and reducing overall risk exposure.
 - Partnered with **cross-functional teams** to drive **cybersecurity compliance**, streamline processes, and enhance the organization's overall **IT security posture**.
-

PROJECTS

Data Quality Accelerator

- Automated quality checks across **completeness, accuracy, consistency, and validity** to generate a **Data Health Score** for client datasets.
- Visualized data health in **Power BI dashboards**, helping stakeholders track quality trends and prioritize data issues.

iCare Wellness – Power Apps Canvas Application

- Built a full-stack **Power Apps** app for the Internal Applications Team with **SharePoint** data storage and **role-based access control**.
 - Features dynamic session logging forms, multiselect ComboBox inputs, inline record editing, and a **View Records dashboard** with filtering.
-

EDUCATION

Bachelor of Engineering in Computer Science

RMD Engineering College | 2023 | **CGPA:** 8.74

Higher Secondary (+2)

The Pupil Saveetha Eco School | 2019 | **Percentage:** 80

SSLC

SBOA School and Junior College | 2017 | **CGPA:** 8.8

CERTIFICATIONS

- **Databricks Certified: Data Engineer Associate** | 2025
- **Microsoft Certified: Fabric Analytics Engineer Associate (DP-600)** | 2025
- **Microsoft Certified: Data Analyst Associate (Power BI - PL-300)** | 2024
- **Certified in Cybersecurity (ISC)²** | 2022
- **Joy of Computing with Python (NPTEL)** | 2019
- **Business English Certificate (BEC)** | 2022
- **Cambridge KET (Passed with Distinction)** | 2013
